

# An Open Invitation to the Virus' demise

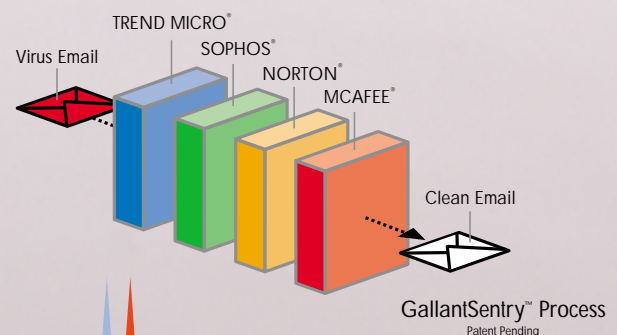

When it comes to protecting a company's network, GallantWEB™ takes no survivors. Utilizing the four best anti-virus softwares on the market, Gallantry has created a one-of-a-kind server appliance that delivers the cleanest e-mail possible. Gallantry has packed this powerhouse server with more cutting-edge features than your customers could imagine. GallantWEB is a solution driven profit center for VARs targeted to small and medium sized businesses and builds residual income into every sale.

**Networks without GallantWEB™ are just asking for trouble.**

- Virus Scan & Cleaning
- Firewall
- VPN - IPSec & PPTP
- Router
- Email Server
- Web Server
- FTP Server
- NAS Server
- Print Server
- DNS & DHCP Server

**Utilizing the four best anti-virus softwares on the market.**
